CUSTOM BROKERAGE SERVICE

MEXICAN & U.S. CUSTOMS BROKERAGE & LOGISTICS

Navigating international trade can be complex. Importers and exporters face strict regulations, documentation requirements, and compliance obligations on both sides of the U.S.–Mexico border. Our customs brokerage services simplify the process, ensuring goods move smoothly while minimizing delays, costs, and regulatory risks.

MEXICAN CUSTOMS BROKERAGE

- Custom Clearance
- Foreign Trade Consulting
- Permit and Documentation Management
- Logistics and Transportation
- Representation Before Authorities
- Operations Monitoring and Control
- Specialized Services

IMPORTER OF RECORD (IOR) COMERCIALIZADORA

- Legal Importation
- Customs Documentation and Permits
- Tax and Duty Management
- Regulatory Compliance
- End-to-End Logistics
- Market Entry Support

U.S. CUSTOMS SERVICES

- Custom Clearance
- Trade Compliance Consulting
- Remote Location Filing (RLF)
- Importer of Record (IOR)
- Drawback Services
- Logistics and Transportation
- Custom Bonds
- HTS Classification and Binding Rulings
- Other Government Agency Filings

MEXICAN CUSTOMS BROKERAGE

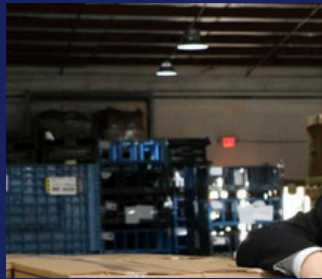

We provide end-to-end solutions for importing and exporting through Mexico, helping businesses stay compliant while optimizing logistics operations.

- Customs Clearance** – Fast, accurate processing of import/export declarations to prevent delays.
- Foreign Trade Consulting** – Guidance on tariffs, trade agreements, and regulatory requirements.
- Permit & Documentation Management** – Handling NOMs, health permits, and all required paperwork.
- Logistics & Transportation** – Coordinating freight from port, airport, or border to final delivery.
- Representation Before Authorities** – Acting on your behalf with Mexican customs and government agencies.
- Operations Monitoring & Control** – Real-time tracking and reporting of customs operations.
- Specialized Services** – Solutions for perishable goods, hazardous materials, and high-value cargo.

IMPORTER OF RECORD (IOR) / COMERCIALIZADORA

Our IOR/Comercializadora services let you sell in Mexico or the U.S. without a local entity, while we handle all customs, tax, and regulatory requirements.

- **Legal Importation** – Acting as the official importer for your goods, ensuring compliance with all customs regulations.
- **Customs Documentation & Permits** – Managing NOMs, health permits, licenses, and any required approvals.
- **Tax & Duty Management** – Calculating, paying, and reporting all applicable duties, VAT, and import taxes.
- **Regulatory Compliance** – Ensuring your products meet labeling, safety, and local standards.
- **End-to-End Logistics** – Coordinating transportation, warehousing, and final delivery to your customers.
- **Market Entry Support** – Enabling foreign companies to sell into Mexico or the U.S. quickly.

U.S. CUSTOMS SERVICES

We help companies comply with U.S. customs regulations and efficiently manage cross-border shipments.

- **Customs Clearance** – Expedited processing for imports and exports at all U.S. ports.
- **Trade Compliance Consulting** – Risk assessments, regulatory updates, and compliance strategies.
- **Remote Location Filing (RLF)** – Nationwide electronic filing for faster clearance.
- **Importer of Record (IOR)** – Managing customs responsibilities on your behalf.
- **Drawback Services** – Claiming refunds on eligible duties, taxes, and fees.
- **Logistics & Transportation Coordination** – Coordinated freight solutions from origin to delivery.
- **Customs Bonds** – Securing continuous or single-entry bonds for shipments.
- **HTS Classification & Binding Rulings** – Accurate product classification to avoid penalties.
- **Other Government Agency Filings** – Managing FDA, USDA, EPA, and additional compliance requirements.

WHY IT MATTERS

By integrating customs brokerage, and IOR/Comercializadora services, businesses can ensure full compliance, reduce costs, and streamline international operations. Our approach minimizes risks and delays while improving visibility, security, and efficiency across the supply chain. This allows companies to save time, protect profitability, and stay focused on growth.

- Personalized Client Systems

DETAILED SERVICES & CAPABILITIES

Learn more about our warehousing and distribution services, including secure storage, efficient handling, and technology-driven solutions that keep your supply chain running smoothly.

- Domestic & International Freight:** Coordinated transportation from port to customer.
- Inventory Management:** Real-time tracking and reporting for full visibility.
- Specialized Freight Handling:** Solutions for perishable, hazardous, oversized, or high-value goods.
- Distribution Services:** Efficient cross-docking, order fulfillment, and last-mile delivery.
- Tech-Driven Services:** Warehouse management systems for streamlined processes.
- Compliance & Security:** Controlled access and strict adherence to regulatory standards.
- Reverse Logistics:** Handling returns and reprocessing goods efficiently.

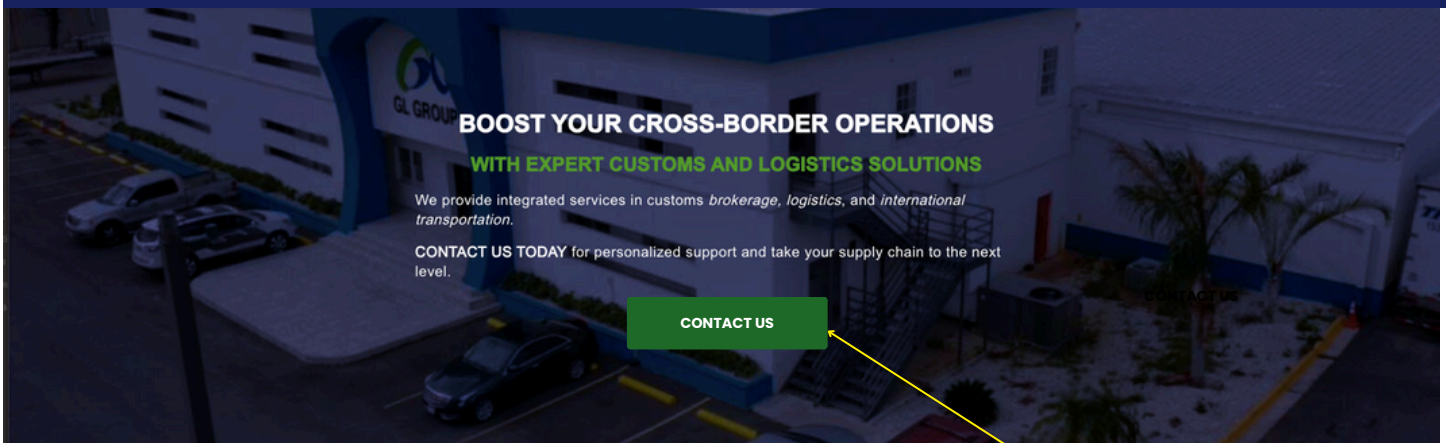

FOREIGN TRADE ZONE SERVICES

A Foreign Trade Zone (FTZ) allows businesses to store, manufacture, and distribute imported goods with reduced or deferred duties, providing significant cost savings and operational flexibility.

- **Duty Deferral, Reduction, or Elimination** – Pay tariffs only when goods leave the FTZ.
- **Storage of Imported Goods** – Safely hold products in a secure, regulated environment.
- **Manufacturing & Assembly** – Add value to goods within the FTZ before distribution.
- **Exemptions from Quotas & Restrictions** – Operate without certain trade limits.
- **Export Without Duty** – Ship products internationally without paying import tariffs.
- **Customs Compliance & Recordkeeping** – Ensure all documentation meets regulatory requirements.
- **Inventory Management** – Track and monitor stock in real-time, including entries, part numbers, etc.
- **Reduced Merchandise Processing Fees (MPF)** – Lower costs for imported goods.
- **Security & Controlled Access** – 24/7 surveillance and strict access control.
- **Personalized Client Systems** – Optional access to all files, customs documentation, and inventory records

WHY IT MATTERS

Our warehousing, distribution, and FTZ services provide full visibility, security, and operational efficiency, helping you streamline customs processes and reduce costs. With these solutions, you gain peace of mind and improved cash flow, allowing you to focus on business growth while we handle the logistics.
